

NELMS Spotlight Schools

(as of April 1, 2006)

Purpose: The purpose of the Spotlight School Award is to recognize schools that have a record of powerful learning for young adolescents and consistently observe middle level best practices. A NELMS Spotlight School is recognized for developing strong effective programs that reflect concepts contained in *Turning Points 2000* and *This We Believe*.

Process: Schools submit data to NELMS by completing surveys and providing additional supporting documentation. NELMS reviews these materials and make the initial selection of schools to continue in the process. Following the initial selection, two representatives of NELMS visit the school for a day to assess the school and to confirm the information reflected in the submitted materials. At the conclusion of the visit, schools selected to be a Spotlight School are notified. The recognition is in place for three years (assuming negative significant events do not occur) after which, another site visit and assessment take place.

Site visitors from NELMS are from other states and are selected for their expertise, impartial knowledge of effective middle level practices, and similar demographic experience. NELMS also recognizes schools that have completed the NELMS School Assessment process if the results so warrant.
